

Retail Loss-Prevention & Network Checklist

Camera and network planning for a storefront or showroom.

- ☐ **Register & entrance camera coverage**
Registers, entrances and exits, high-shrink merchandise, stockroom.
- ☐ **POS network segmented from guest Wi-Fi**
Keep payment traffic off the same network your customers browse on.
- ☐ **Backup internet connection**
A payment outage is a direct, immediate revenue hit — not just an inconvenience.
- ☐ **Footage retention window**
Planned around chargeback and dispute resolution timelines.
- ☐ **Cabling that anticipates layout changes**
Not just wired for the floor plan you have today.
